ABOUT PITS

The Company

Perfect IT Solutions (PITS) is a renowned IT Solutions providing company operating in Lahore and in various other locations across the country. We offer a wide range of IT Solutions and services and Software development is one of its key operational categories. Since its inception in 2004, it has proved its excellence by providing solutions of superior quality to large and small enterprises, Financial Institutions and other Operators.

Vision:

To be one of the global names in the software products and related services.

Mission:

To deliver the best customer experience to our clients through continuous improvement driven by efficiency, teamwork, and innovation.

CORPORATE VALUES:

Efficiency

We believe that efficiency is something that defines the success or failure of any action. We relentlessly strive to gain more efficiency in every sphere of our endeavors.

Integrity

We strongly believe that honesty and trust are essential for long-term business sustainability. We never compromise with our integrity and always try our best to match customer expectations.

Excellence

We ensure excellence by achieving organizational, professional, and personal improvement. We assess and evaluate current performance and identify opportunities for improvement; and try to close the gap between current and desired performance. As committed pursuers of excellence we seek to clearly articulate our vision, honestly appraise our current performance and develop a capacity for change.

Teamwork

All our people are part of a congruent team, committed to work together to achieve the goals of the organization under any circumstances. We promote teamwork to ensure resource optimization and efficiency, at the same time we encourage the employees to express their individuality to promote greater innovation and sharing of ideas.

Client Value

Our customers are of utmost importance to us. We treat their requirements with sincerity and diligence. We maintain the highest standards and deliver products and services that create significant value to our clients. If a problem arises, we communicate with our customers immediately on the issue and take actions to resolve the problem quickly.

Global Network

As a global business with global customers, we demonstrate consistency in our approach regardless of geographical boundaries. No matter where our customers are, we are always ready to serve them with greatest care and competence.

STRATGY AND FOCUS

SUCCESS BASE

Our success lies on creating and nurturing knowledge base rather being a mere technology partner of the businesses. Our solutions pave the way for enterprises to create successful and reliable medium to reach out their ultimate goal—the end users. PITS makes an ideal partner for organizations looking at transformational IT solutions because of its core capabilities, human resources, commitment to quality and global presence to deliver a wide range of solutions and services, 24/7.

COMPETITIVE EDGE

Comprehensive Skill Set

Our experience with the telecom operators has enabled us to deal with huge data volume, ensure highest service level and system efficiency. On the other hand, as we provide ERP solutions we have the capacity to deliver solutions that incorporate complex business logics. The combination of these two factors enables us to provide our clients with solutions that add value to their businesses.

Cost Efficiency and Timeliness

We ensure greater flexibility and efficiency in all our solutions; which results into lesser customization cost and effort. Our timeliness in our solution delivery ensures lesser resource engagement on customer's end. These factors ensure greater cost efficiency and timeliness for the customer.

Domain expertise and proven technical capability

PITS has a proven expertise working with Large Industries in Lahore and surrounding areas & abroad and follows best-in-class practices.

Comprehensive support services

PITS is committed to providing comprehensive product and system support, post deployment and operate the services on 24x7 based. Apart from technical points PITS is also responsible for managing the Services.

INTERNATINAL FOOT PRINTS

After gaining prominence in the Pakistani software arena, we moved on to the Foreign Market. To cater to its overseas customers in a more organized manner. Through the combined efforts of PITS Pakistan and other concerns, we have established prominence in Canada, UAE, Saudi Arabia and we intend to move even further in the coming years.

HUMAN RESOURCE

We believe that to achieve excellence in every realm of the organization we need to have talented and motivated workforce as well. As a result PITS puts a lot of emphasis in employing brilliant and target oriented workforce from the very beginning. The company has been formed by a group of professionals having vivid experience and wide exposure in Information Technology. People involved here are young qualified business graduates and qualified engineers from the renowned universities across the globe.

PITS is a company where professionals from various backgrounds group together with an objective of providing appropriate business solutions. It realizes the importance of functional knowledge and its impact in developing business solutions. We constantly strive to be a leading technology firm with profound business and functional knowledge. The key to the company's success is the maintenance of a close working relationship with the clients through ensuring the best possible solutions to their needs, to establish and maintain a thorough knowledge and understanding of client's objective.

CLIENT PORTFOLIO

PITS has a portfolio of reputed clients across the Globe. Rather than focusing on the number of clients we focus on creating sustainable relationship with fewer trusted solution partners. Superior product and service quality and a portfolio of reputed customers are the cornerstones based on which PITS has achieved a high brand image in the country and abroad. Some of our major clients are mentioned below:
